

MICE LAB RESULTS

“M.E”

Back to reality! It feels like I have been away for ages and find it hard this morning to work. It has been absolutely amazing the last couple of days. It has been beyond expectations and wouldn't have missed it. Can't thank you enough! THANKS THANKS THANKS THANKS THANKS.....

“Every goodbye is the beginning of a new meeting” said an old Chinese wise man.
99,99 percent of the time I agree.

This time I have to change it into: This goodbye is the beginning of an endless memory ☺
I just came to the office this morning, immediately with lots of work, problems and whatever.

But believe me I realize what a superb experience we've been through the last 3 days....This makes it much more easier to put life in perspective.
I want to thank everyone and each of you personally for giving me so many joy and happiness and emotions to share.

It would be an honour to invite you all to an unforgettable reunion.
Impossible is nothing and nothing is impossible!

It's not such a good gooooooooood morning!
I'm in the office instead of in a jeep, waterplane, canoe, jetski, old timer...
With all the different activities, transportation ways (I counted about 17 different ways of transportation..... from canoeing to water planes and from jeeps to local busses...) and VIP feeling this trip was WAY beyond my expectations!!!! Every time we thought that it couldn't get any better it did.... Also the parts where you had to choose one of the 2 possible routes, was perfect. This way each team can decide themselves if there up for some adrenaline or rather taking it a bit more down to earth. Also the variety of clues / activities was great since it had a bit of everything in it. As mentioned the only thing missing were questions / tasks about the locations. I really liked the way of having to ask locals for the way to go. This gives you a good impression of how the locals are and they were fantastic! All so friendly and helpful, just unbelievable!

Again (and I can't say it enough times...) a huge

thank you

for this perfectly organized event!!!

Finally everybody is back behind their desk, and back to a strange reality. I think, we all left something behind after the MICE Race but also in Malta sweet, tears of joy, zoneslag, laughter's, kilo's And specially New friends ...

This race has given me unforgettable memories You have given me all unforgettable memories that are impossible to share with somebody else than you!
I have never lived such intense 72 hours!!!!!!!

SUNRAYS Or lets say SUNNAB & SUNGIT, you were wonderful, huge, caretaking, generous, adorable, and especially unbelievable organisers The race will never end in my head

"K.O"

I have enjoyed every minute of the Race and no I wasn't tired!!
.... beautiful sceneries, wonderful people, great program, challenging clues; this very unusual Fam-trip will remain in my memory forever! ...

I sincerely hope to meet you all again soon,
Take care!

LIFE ISN'T ABOUT MILESTONES ITS ALL ABOUT MOMENTS!

Amazing it definitely was, moments and experiences to never forget!
Didn't we all fall with our nose into the butter?! (A Famous saying)
I'm inspired ... that's what you did!
You came up with such a good organization, you thought of everything, never ceased to surprise us!
I used words that normally don't occur in my vocabulary: "Vette vette sh.t" and now use more exclamation marks than I have done in the past year in a whole text!
Meine Gute, I was running the day after and normally I stop every now and then to take some rest and walk a little bit, but this MICE race had been keeping my mind so busy I sort of woke up 45 minutes later without having stopped running!
I laughed so much about K3, slip marks, stories of synchrone swimming, of being happily surprised.
Every free minute I have at work, I talk about Malta, the interesting and fun people we met.
All left to say: Lots of love and a warm hug for all of you.
Until we meet again,

"SUNRAYERS"

Thank you so much for the opportunity of having you aboard our first edition and most importantly for your beautiful spirits and amazing stamina! We could not have done it without your fantastic feedback, both during the event and now, through your 'MICE Lab results' ...

Thank you ... Thank you ... Thank you !!
